

OUR SUSTAINABILITY ACTIONS

Our Mr Muscle®, Duck®, Glade®, Pledge® products are manufactured at **ZERO MANUFACTURING WASTE TO LANDFILL SITE** and made with renewable wind electric energy¹

Our Ecover® products are manufactured at our **ZERO WASTE CERTIFIED FACTORY**²

We are driving changes in our product packaging to help you **RECYCLE MORE** and **USE LESS VIRGIN PLASTIC**

Our **PATENTED GREENLIST™ PROGRAMME** guides how we select ingredients based on their impact on human health and the environment

Use biocides safely. Always read the label and production information before use.

¹Mr Muscle®, Duck®, Glade® and Pledge® products are filled and assembled at a manufacturing facility that generates and/or purchases 100% renewable wind electric energy.
